

Using P2MM to improve performance

Find out how to implement and get business value from PRINCE2

Overview

The P2MM Training Workshop helps organisations gain full value from PRINCE2™ by providing practical advice on using the OGC's PRINCE2™ Maturity Model (P2MM).

The workshop can help people who are implementing PRINCE2™ and those wishing to re-invigorate existing PRINCE2™ implementations.

What is P2MM?

The PRINCE2 Maturity Model enables organisations to assess how mature is their use of the PRINCE2 project management method.

The model can also be used:

- To understand the key practices that are part of an effective organisational process to manage projects
- To identify the key practices that need to be embedded in the organisation to achieve the next level of maturity
- To understand the rationale behind the assessment questionnaire.

It can be used as:

- A standalone maturity model
- A sub-set of the broader OGC Portfolio, Programme and Project Management Maturity Model (P3M3).

Who will benefit?

People responsible for or involved in the implementation / adoption of PRINCE2™

The course will be of particular interest to:

- Head of projects
- Project / programme office manager
- Project manager (of a PRINCE2™ implementation project)
- Quality manager
- Internal auditor
- Consultant (internal and external).
